

How to Discover Your Perfect Spouse

- A. List 5 or more characteristics that you are looking for in a spouse.

- B. If you were able to live with any animal in the world, what would it be?

- C. List up to 3 positive qualities of your animal.

- D. List at least 3 or more of your challenging qualities.

- E. List 3 characteristics that would counteract & improve your challenging qualities.

- F. Think of a positive role model in your life and list the qualities that you admire. This can be a grandparent, friend, teacher, or even someone you follow on social media.

- G. Think of up to three happily married couples that you cherish and list everything you admire about their marriages.

1. Copy list **A,C,E,F,G** below. Then choose the 10 most important and *PRIORITIZE YOUR LIST FROM 1 TO 10*. The person with most qualities on this list will make a great spouse for you. You should look for someone with at least the top 3, and they should have at least 7 out of 10. If you are not sure about whether to marry someone, you can use this list to help you.
